DESTINATIONS

CHESTER

Chester was founded as a Roman fort with the name in the year 79 by the Roman Legio II Adiutrix. Chester's four main roads, Eastgate, Northgate, Watergate and Bridge, follow routes laid out at this time – almost 2,000 years ago. The city is one of only two remaining English cities with a surrounding Roman Wall.

LONDON

When one speaks of the world's most vibrant cities, London is almost invariably always on the list - and for good reason. Not just the capital of England, it's also the capital of culture, packed with a multitude of museums, theatres, events and activities suitable for even the most avid of art fans.

During your stay in London you will get to witness all the wonders that make it one of the world's major global cities. The history, culture, and atmosphere really come together to create everlasting memories.
